**ADDENDUM I. COMBINED TAXONOMIC INDEX :**

**A. INTRODUCTION**

This "Combined Taxonomic Index" includes every known families, subfamilies, genera, subgenera, species, and subspecies of land planarians of the world. Their synonyms are also included. All names are listed in alphabetical order. Publications, publishing years and paginations are shown as follows: BFC25 = Bull. Fuji Women's College, No. 25, Ser. II, in 1987 (BIPALIIDAE); BFC26 = *Ibid.*, No. 26, Ser. II, in 1988 (RHYNCHODEMIDAE, Part I: Rhynchodeminae); BFC27 = *Ibid.*, No. 27, Ser. II, in 1989 (RHYNCHODEMIDAE, Part II: Microplaninae); BFC28 = *Ibid.*, No. 28, Ser. II, in 1990 (GEOPLANIDAE, Part I: Geoplaninae); BFC29 = *Ibid.*, No. 29, Ser. II, in 1991 (GEOPLANIDAE, Part II: Caenoplaninae and Pelmatoplaninae); BFC30 = *Ibid.*, No. 30, Ser. II, in 1992 (GEOPLANIDAE, Part II: Caenoplaninae and Pelmatoplaninae - A Continuation); BFC30 = *Ibid.*, No. 30, Ser. II, in 1992 (Additions and Corrections of the Previous Land Planarian Indices of the World); OP = Occasional Publications, Biol. Lab., Fuji Women's College, No. 19, in 1988 (Additions and Corrections, BIPALIIDAE). For example, "BFC25: 81" means "page 81 in the BIPALIIDAE Index published in 1987".

Two papers of the Land Planarian Indices series are included in the Bulletin of Fuji

1) This paper is affectionately dedicated to the late Dr. Diva Diniz CORRÊA, Professor Emeritus of Universidade de São Paulo, who passed away on April 28, 1993, at São Paulo, Brazil. She would have been 75 on her next birthday. The deceased was recognized as the authority on taxonomic studies of planarians and nemerteans in Brazil and was a respected friend of the authors. Her latest contribution was "Dr. Eveline du Bois-Reymond Marcus" published in the 1991 issue of *Hydrobiologia* (227: xxiii-xxvi; S. TYLER (ed.), *Turbellarian Biology*). We will long remember the scientific life and work of the late Dr. D. D. CORRÊA (May 10, 1918-April 28, 1993).

Women's College, No. 31, Series II: ADDENDUM I, Combined Taxonomic Index, etc. (*i.e.*, the present paper) and ADDENDA II and III, HALLEZ's Classification System, etc. and WINSOR's Provisional Classification, etc. (at pages 61 to 86 of this issue). The abbreviation "(TIW)" means the section "Index to WINSOR's (1991 a, b) Genera and Species Classification" (ADDENDUM III) of the next paper.
